

Devizes U3A Aviation Studies Group

Visit to the RN Fleet Air Arm Station & Museum by Coach

Wednesday 8th August 2018

This will be an exciting opportunity to visit the Yeovilton Tower for a conducted tour and briefing on the station's ATC procedures. Following this, we will visit the Museum.

For security reasons at the station, we are required to advise full names, dates of birth and nationality of all visitors, so the form below requests this information, which will only be used for this purpose.

The cost of this visit is £25 per person, which includes coach hire, the drivers tip and a donation to a Royal Navy charity.

Entrance to the Museum will be payable on-site. Members of the Friends of the Museum will not be charged, but will need to show evidence of membership.

Priority will be given to current Devizes U3A members, but members of other U3As will be welcome, although expect to be limited to a maximum 25 people for the visit.

Please note that any guest not a current member of Devizes U3A will not be covered by our travel insurance, and so will need to make their own arrangements as appropriate.

The coach will leave the Station Road Car Park in Devizes at **09:00 on Wednesday 8th August, due back in Devizes around 17:00 hrs.**

The first 25 fully completed application forms, with cheques, will assure a place on the visit.

There will be a standby list, once all 25 places are filled, and you will be informed if you are placed on this list. Trust all this is clear, any problems please call me.
